Our Logo & Icon

This is our logo, the one that should always be used. There are different versions to ensure optimum legibility.

Our logo should not be smaller than 100px in digital or 2 inches in print. Our icon should not be smaller than 20px. Our logo and icon works best when it has enough room to breathe. These elements should not collide with other elements on the page. Do not stretch out the logo.

* Not pictured here is the Ecotrak white logo available for download in the folder.
